

Clear your modular home without “getting in a pickle”

We provide tailored solutions that help individuals and other businesses succeed in today's ever-changing world.

Our solutions are designed to make international logistics easier, efficient, and productive.

Why Choose Us

Cost Effective Solutions

We quote our clients all costs upfront and detail possible contingencies in our quotes. ^^ No “Bull” costings, and no made-up fees.

End to End Solutions

We are committed to providing solutions based on years of experience in customs clearance. We can arrange, clearance, delivery, tailgates, asbestos sampling and other requirements associated with modular homes. Our brokers are AEP accredited, making Quarantine (DAFF) clearance quicker and cheaper.

Engage us at the start to avoid issues

We can advise you from order inception the documents we require for clearance in Australia. We can liaise with your supplier to provide details for Australian clearance.

Who We Are

We are a family-owned company in Australia and deliver results that exceed our clients' expectations, and we are committed to providing the highest level of customer service.

We want to help make personal imports and business imports easier, and more cost effective without all the “noise”.
